DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: the closest prior art of record (McMillan, U.S. Patent No. 5,826,267 and Skopp et al., U.S Patent No. 6,256,739) does not teach or suggest in detail the from a schedule, determining an unacceptable period of the day associated with the address during which all access to the web page by all users is prohibited and preventing access to the web page if the current time falls within the unacceptable period determined from the schedule in combination with all the elements of the independent claims as argued by the Applicants (See Appeal Brief pages 6-9). So as indicated by the above statements, Applicants arguments have been considered persuasive, in light of the claim limitations.
2. The dependent claims further limit the independent claims and are considered allowable on the same basis as the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1-4 are allowed.
